Humanitarian Activities

Common Help Ukraine
humanitarian project

At the beginning of the full-scale war, hundreds of thousands of Ukrainians, fleeing from Russian aggressors or not wanting to stay in the temporarily occupied territories, were forced to relocate to safer regions of Ukraine. The project participants pooled all their capabilities, resources and connections to help Ukrainians rebuild their lives in their new places of residence - to have housing, food, clothing, hygiene products, medicines and other necessities.

Resilience Programme

During the war and after the Victory of Ukraine, veterans, their families, IDPs, people with disabilities, and other inclusive groups need exceptional support. The project participants united to implement Resilience Centres in the local communities — spaces equipped with barrier-free and accessible principles. Anyone can go there and receive free psychosocial support and referrals to the necessary services in the community.
